To The Human Resources Team at Oak Hill Medical Center,

I am thrilled to apply for the Registered Nurse position at Oak Hill Medical Center. As a social worker with over ten years of experience in healthcare settings, I have developed a deep understanding of patient needs and the importance of delivering high-quality care. I am confident that my skills, experience, and passion for patient-centered care make me a strong candidate for this role.

Throughout my career as a social worker, I have worked closely with nurses and other healthcare professionals to provide holistic care for patients. I have collaborated on care plans and provided emotional support to patients and their families, helping them navigate complex medical situations. I have also assisted in patient education, resulting in a 20% reduction in hospital readmission rates.

In my most recent role as a Senior Social Worker at Crestview Hospital, I provided case management for patients with chronic illnesses, including cancer, heart disease, and diabetes. In this role, I worked closely with a team of healthcare professionals to provide comprehensive care for patients. I collaborated with nurses to manage patient symptoms and side effects, resulting in a 15% reduction in hospital readmission rates.

I have a deep understanding of the healthcare system and the complex needs of patients. I have experience working in various healthcare settings, including hospitals, clinics, and long-term care facilities. I have a proven track record of providing excellent patient care and achieving outstanding patient satisfaction scores, with an average score of 98% in patient satisfaction surveys.

While I do not have traditional nursing experience, I am passionate about continuing education and have completed several courses in patient care, including Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS) certifications.

My personal interests also align with the nursing role. I am an avid runner and participate in marathons and other fitness events. I believe that my passion for physical fitness and wellness aligns with the nursing role, where I can promote healthy lifestyles and provide support to patients as they navigate their healthcare journeys.

In conclusion, I am excited about the opportunity to bring my skills and experience to the Oak Hill Medical Center team. With my extensive experience in healthcare, commitment to patient-centered care, and passion for continuing education, I am confident that I can contribute to the success of your organization. Thank you for your consideration, and I look forward to discussing this opportunity further.

Sincerely,

Sarah Curry
