SOFTWARE ENGINEER SUMMARY

- Software Engineer with 9+ years of proven experience leveraging React and PHP to build SaaS applications supporting 1M+ users.
- Expert in development, systems design, and engineering, leading to a 20% improvement in development efficiency.
- Proficient in JavaScript, databases, and cloud technologies, with a focus on frameworks like React.
- Certified ScrumMaster with expertise in Agile and Waterfall methodologies.

WORK EXPERIENCE

SOFTWARE ARCHITECT   July 2020 - Present
SparkCircuit

- Led the development of a scalable system architecture using Java and Spring, resulting in a 20% improvement in overall system performance.
- Designed and implemented a data verification process using Python and SQL, reducing data inconsistencies by 25%.
- Spearheaded the adoption of cloud technologies (AWS), optimizing resource utilization and cutting infrastructure costs by 30%.
- Collaborated with cross-functional teams, utilizing Jira for project management, ensuring effective communication and organization throughout the development life cycle.

SENIOR SOFTWARE ENGINEER   May 2018 - June 2020
NexGen Nexus

- Engineered critical features using C# and .NET, enhancing product functionality and improving user experience, leading to a 15% increase in user engagement.
- Implemented a comprehensive debugging strategy with Visual Studio, reducing bug resolution time by 20%.
- Utilized Jira for agile project management and collaborated with Git for version control, resulting in a 10% improvement in team collaboration and project delivery efficiency.

SOFTWARE DEVELOPER   June 2015 - April 2018
CodeCrafters

- Developed robust and scalable applications using Java, ensuring high-performance levels and seamless user interactions.
- Implemented database optimizations with MySQL, improving query response time by 30%.
- Actively participated in system design discussions, contributing to the overall architecture and technical roadmap using UML.

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE   September 2011 - May 2015
Santa Clara University

SKILLS

Frameworks: Spring, .NET

Jira

JavaScript (React)

Database: SQL, MySQL

Cloud: AWS

INTERESTS

Enthusiastic about hiking scenic trails, experimenting with new recipes, and exploring diverse cultures through travel and photography.
